### Jacob's Ladder

Jacob's Ladder was established as a not for profit center in 1999. Since that time they have evaluated many, many children and assisted these families with an outline plan to move their child forward.

Jacob's Ladder is dedicated to continued research and assimilation of knowledge and information in the field of neurodevelopmental strategies.

Their true mission is to share this knowledge with families of children with special circumstances in order that they may assist their child in realizing their full potential.

## About Lexi

**Lexi** was born on November 23, 2002, the youngest of triplets. Soon after birth, she was diagnosed with cerebral palsy. She and her siblings Kelli and Trey are now six year olds who are enjoying their schools and extracurricular activities. Along with their younger sister Hallie, they are four active and happy children.

**Lexi** has been attending Jacob 's Ladder since she was two years old. During that time, much progress has been made in her motor skills as well as her cognitive skills. She interacts well, is quite the conversationalist and enjoys being a little girl.

The monies raised from Jacob's Ladder / Lexi's Game continue to provide **Lexi** and others with a quality learning and developmental environment.
